Hi Greg,

Yes they will. The process to get them GSDT accounts is pretty simple however. As you are the account POC, you can either submit the form attached or just let me let me know the name, business contact number, and e-mail address of any users you'd like to add.

Thanks,
Dan

Thank you Dan for the explanation. Will someone from San Joaquin Renewables LLC need to have a GSDT account then in order to finalize the submission?

Good afternoon Greg,

Thank you for your e-mail. Unfortunately, only an official of the intended permit recipient can submit the UIC application. It is our understanding that Daniel B. Stephens and Associates, Inc. is a contractor for the permit applicant: San Joaquin Renewables, LLC. For corporate permit applicants, delegation for signing permit applications can only go to certain managers within that corporation, per 40 CFR 144.32(a). This responsibility cannot be delegated to a third-party. Therefore, we will be unable to grant you signatory rights in the GSDT at this time. Someone from San Joaquin Renewables, LLC must be the one to sign application submittals and they will need to submit an ESA. Our apologies for the inconvenience. Please let us know if you have any questions.

V/r

Dan
